COUNTY COURT OF ROCK COUNTY.

In the matter of the estate of John Doyle, deceased.

ON reading and filing the petition of Thomas Thorp, the administrator of the estate of said deceased, setting forth the amount of personal estate that has come to his hands and the disposition thereof, the amount of debts outstanding against said deceased and a description of all the real estate of which said deceased died seized and the condition and value of the respective portions thereof, and praying that license may be granted to him to sell so much of the said real estate as may be necessary to pay the debts of said deceased, the costs of administration and the expenses of the funeral and last sickness of said deceased; and it appearing by said petition that there is not sufficient personal estate in the hands of said administrator to pay said debts and said costs and expenses, and that it is necessary in order to pay the same to sell part of said real estate, it is therefore ordered that all persons interested in said estate appear before this court at the office of the judge thereof, in the city of Janesville, in said county, on the first Monday of February next, at ten o'clock A M, then and there to show cause why license should not be granted to said administrator to mortgage, lease or sell so much of said real estate as shall be necessary to pay said debts and expenses, and that a copy of this order shall be personally served on all persons interested in said estate residing in the said county at least fourteen days prior to said hearing, and shall be published four successive weeks prior to said day, in the Weekly Gazette and Free Press, a weekly paper published in said city. GREAT REDUCTION

—IN—

The Prices

—OF—

SINGER & CO.'S

STANDARD MACHINES

Well known to be the best for

Manufacturing Purposes:

No. 1, Standard Shuttle Machine, formerly sold at $90,

Reduced to $70.

No. 2, Standard Shuttle Machine, formerly sold at $100,

Reduced to $70.

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

in Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 21 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own *Needles*, and would warn all persons using our machines not to buy any others. We know that there are needles *sold of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE,

In case of small purchases, the money may be sent in postage stamps or bank notes.

☞ Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

☞ All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

☞ We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair. The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal and finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will *earn more money with less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.

The Jessup Grain Drill!

Improved and Made by

R. J. RICHARDSON.

THE satisfaction which the Richardson Drill gave in 1862 has induced me to

Make Double the Number for 1863.

The principle of the Drill is all that was at first claimed for it. The experience of 1862 enables me to make them just

Adapted to the Peculiarities of this Soil,

which is very difficult to till.

More than three hundred of these drills were used in this vicinity last spring, and it is universally conceded that the Richardson Drill is

PERFECTLY ACCURATE

in the *quantity of Seed Sown per Acre*, and that it is easily adjusted to any quantity desired. It is also conceded that the Richardson Drill is the

Lightest Draft and the Easiest for the Team

of any Drill yet introduced.

The drills of 1863 are readily changeable from double to single rank. The points are longer, sharper and heavier than those of 1862, which render them better adopted to the hard and crusty soil of early fall plowing. Notwithstanding the

Large Advance on Material

we have concluded to offer our drills at the

SAME PRICE

as in 1862, which is as follows: 9 tooth, $70; 10 tooth, $75; 11 tooth, $80; 12 tooth, $85; 13 tooth, $90.

To those who know the Richardson Drill it is needless to say anything. Of those who do not know them, we would ask an examination, and refer to any one who has used them. Our drills are now

READY FOR EXHIBITION.

They are made at the well known

Rock River Iron Works

of Harris, Guild, Angel & Tyler. The character of their work is well known. I would like everybody to examine these drills.

To those wishing to purchase drills, I would say that I guarantee their

Working to the Entire Satisfaction

of the purchaser, or No Sale.

The Corn Planter Attachment

to the Richardson Drill will plant corn

In Hills Accurately

and any distance apart, from two to five feet, and two or three rows at once.

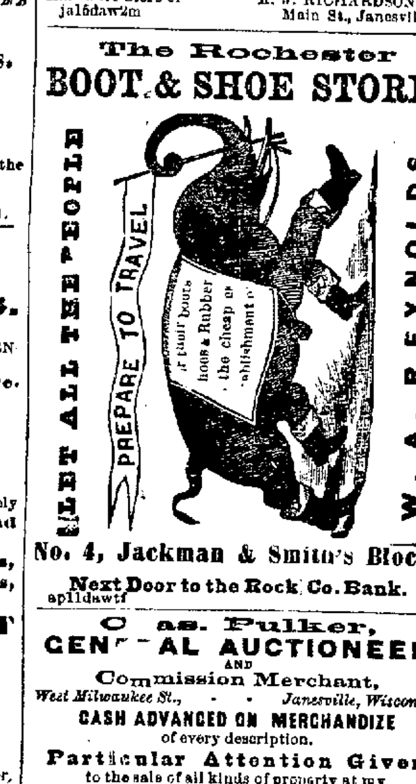

Mr. W. H. Reed, of La Prairie, used one of the Richardson Twelve Tooth Drills to

Plant Over 50 Acres of Corn

and 100 acres of wheat. He planted three rows of corn at once, and in hills to suit his mind. Any one wishing to know about the planter please inquire of Mr. Reed.

For more particulars, and to see the drill, call at the Hardware Store of R. J. RICHARDSON, ja15daw2m Main St., Janesville.

We would invite all who wish to see good machinery or want good cloth, to give us a call. Also, would say to merchants who wish to obtain our cloth, that it would be for their interest to buy wool and get it manufactured, and by so doing, get a good article that they can recommend to their customers.

A good supply of

Cloth Constantly on Hand,

which will be sold cheap for cash or wool, or exchanged for wool on shares.

Those living at a distance can send their wool by railroad or express, with directions, and it will be promptly attended to. Those coming from a distance, with wool to be manufactured, will be kept over night.

DAILY GAZETTE.

"I Have not Begun to Fight Yet."

The above language of the gallant and brave Paul Jones, when the British commander asked if he had struck his flag and surrendered, are memorable words. Although his deck was slipery and steaming with the blood of his gallant crew, his guns every one dismounted, his colors shot away, and his vessel gradually sinking, Paul Jones with immortal heroism, continued to fight.

"Do you surrender?" shouted the English captain, desiring to prevent further bloodshed, and seeing the colors of the Bon Homme Richard gone, supposed the American hero wished to surrender. His answer was: "I have not begun to fight yet!"

The scene is thus described: There was a lull in the conflict for an instant, but the boldest held his breath as Paul Jones, covered with blood and black with powder stains, jumped on a broken carriage, waving his sword, and exclaimed, "I have not begun to fight yet!" And the result was, the tide of battle changed, and in a few minutes the British ship struck her colors and surrendered. Paul Jones leaped from his own ship and stood upon the deck of the British vessel a conqueror and a hero.

What an admirable watchword for the battle of life does the above stirring incident give to every man. Reverse may overwhelm for a time, despair may ask hope to to strike her flag, but planting the foot more firmly, bending the back more readily to the burdens imposed, straining the muscles to the utmost tension, and bracing the drooping heart, let him who is driven to the wall exclaim: "I have not begun to fight yet!" They deserve, they will command success. In the darkest hour let them ring out, and forget the past years wasted and gone by, and give them an inaugural address of a new era. When the misfortunes of life begin to gather around, let your battle-cry go forth from the thickest of the conflict: "I have not begun to fight yet!" and you will find your foes fleeing from the new strength imparted, and yielding the vantage as you press forward in the battle strife.

The Rebels at Camp Douglas.

Gen. Ammen has issued an order forbidding federal soldiers from dealing in confederate scrip; however, one of the secesh prisoners was doing a brisk business yesterday, buying it from the others at from seven to ten cents on the dollar.

The prisoners brought with them county blanks, blank deeds, mortgages, &c., which they use for letter paper—writing upon the backs and margins. At many points in the South, they say no other writing paper could be obtained, at any price.

They acknowledge they find here better rations than they have had for months before—of better variety, and larger quantities. They had anticipated short fare, and many of brought their side bacon and hard crackers with them. These they have thrown away since the government rations were dealt out to them. One fellow jumped up, and exclaimed, "Boys, look at that—coffee! coffee!—only think of it, coffee in your rations—why, I havdn't tasted coffee for nearly a year, before!"

A great number of the prisoners are sick, upwards of a thousand receiving perscriptions daily. The prevailing deseases are colds, fevers, peunmonia, &c., and a few cases of small pox. Twenty-one have died since Friday night.

Heretofore the pest-house has been within the enclosure, but for sanitary reasons it has been thought best to have it outside; hence a large building, formerly used by a cavalry regiment, is being remodeled for a pest-house, and will accommodate about fifty. This will be ready for occupancy tomorrow.

The chapel is again being converted into a hospital, and will be completed by Wednesday. It will accommodate about one hundred.

The new prison, which is thirty feet by fifty, is nearly completed, and will be ready to receive boarders about Wednesday.

The 17th Texas cavalry (rebel prisoners) state that fully one-fourth of that regiment is composed of men formerly from Illinois and Indiana.—*Chicago Tribune.*

FLORENCE SEWING MACHINE.

OVER THE POST OFFICE.

THERE is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE COMPANY.

Who take pleasure in placing their Machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantage of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine.

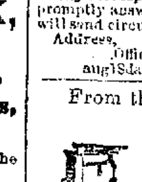

Any correspondence regarding our Machines will be promptly answered. Enclose a Letter Stamp and we will send circular and sample of work by return mail.

The Jessup Grain Drill!

Improved and Made by

R. J. RICHARDSON.

THE satisfaction which the Richardson Drill gave in 1862 has induced me to

Make Double the Number for 1863.

The principle of the Drill is all that was at first claimed for it. The experience of 1862 enables me to make them just

Adapted to the Peculiarities of this Soil,

which is very difficult to till.

More than three hundred of these drills were used in this vicinity last spring, and it is universally conceded that the Richardson Drill is

PERFECTLY ACCURATE

In the *quantity of Seed Sown per Acre*, and that it is easily adjusted to any quantity desired. It is also conceded that the Richardson Drill is the

Lightest Draft and the Easiest for the Team

of any Drill yet introduced.

The drills of 1863 are readily changeable from double to single rank. The points are longer, sharper and heavier than those of 1862, which render them better adapted to the hard and crusty soil of early fall plowing.

Notwithstanding the

Large Advance on Material

we have concluded to offer our drills at the

SAME PRICE

as in 1862, which is as follows: 9 tooth, $70; 10 tooth, $75; 11 tooth, $80; 12 tooth, $85; 13 tooth, $90.

To those who know the Richardson Drill it is needless to say anything. Of those who do not know them, we would ask an examination, and refer to any one who has used them. Our drills are now

READY FOR EXHIBITION.

They are made at the well known

Rock River Iron Works

of Harris, Guild, Angel & Tyler. The character of their work is well known. I would like everybody to examine these drills.

To those wishing to purchase drills, I would say that I guarantee their

Working to the Entire Satisfaction

of the purchaser, or No Sale.

The Corn Planter Attachment

to the Richardson Drill will plant corn

In Hills Accurately

and any distance apart, from two to five feet, and two or three rows at once.

Mr. W. H. Reed, of La Prairie, used one of the Richardson Twelve Tooth Drills to

Plant Over 50 Acres of Corn

and 100 acres of wheat. He planted three rows of corn at once, and in hills to suit his mind. Any one wishing to know about the planter please inquire of Mr. Reed.

Those having Fine Wool to be carded into rolls should have it

Cleansed at the Factory,

as our conveniences are better calculated to do it well. Our price for cleansing is one cent per pound. It is very essential to have wool in good condition, otherwise it injures the card and produces poor rolls. Our carding machine is the best that could be obtained, and cannot fail to make good work. We would invite all who wish to see good machinery or want good cloth, to give us a call. Also, would say to merchants who wish to obtain our cloth, that it would be for their interest to buy wool and get it manufactured, and by so doing, get a good article that they can recommend to their customers.

A good supply of

Cloth Constantly on Hand,

which will be sold cheap for cash or wool, or exchanged for wool on shares.

Those living at a distance can send their wool by railroad or express, with directions, and it will be promptly attended to. Those coming from a distance, with wool to be manufactured, will be kept over night.

DAILY GAZETTE.

"I Have not Begun to Fight Yet."

The above language of the gallant and brave Paul Jones, when the British commander asked if he had struck his flag and surrendered, are memorable words. Although his deck was slipery and steaming with the blood of his gallant crew, his guns every one dismounted, his colors shot away, and his vessel gradually sinking, Paul Jones with immortal heroism, continued to fight.

"Do you surrender?" shouted the English captain, desiring to prevent further bloodshed, and seeing the colors of the Bon Homme Richard gone, supposed the American hero wished to surrender. His answer was: "I have not begun to fight yet!"

The scene is thus described: There was a lull in the conflict for an instant, but the boldest held his breath as Paul Jones, covered with blood and black with powder stains, jumped on a broken carriage, waving his sword, and exclaimed, "I have not begun to fight yet!" And the result was, the tide of battle changed, and in a few minutes the British ship struck her colors and surrendered. Paul Jones leaped from his own ship and stood upon the deck of the British vessel a conqueror and a hero.

What an admirable watchword for the battle of life does the above stirring incident give to every man. Reverse may overwhelm for a time, despair may ask hope to to strike her flag, but planting the foot more firmly, bending the back more readily to the burdens imposed, straining the muscles to the utmost tension, and bracing the drooping heart, let him who is driven to the wall exclaim: "I have not begun to fight yet!" They deserve, they will command success. In the darkest hour let them ring out, and forget the past years wasted and gone by, and give them an inaugural address of a new era. When the misfortunes of life begin to gather around, let your battle-cry go forth from the thickest of the conflict: "I have not begun to fight yet!" and you will find your foes fleeing from the new strength imparted, and yielding the vantage as you press forward in the battle strife.

The Rebels at Camp Douglas.

Gen. Ammen has issued an order forbidding federal soldiers from dealing in confederate scrip; however, one of the secesh prisoners was doing a brisk business yesterday, buying it from the others at from seven to ten cents on the dollar.

The prisoners brought with them county blanks, blank deeds, mortgages, &c., which they use for letter paper—writing upon the backs and margins. At many points in the South, they say no other writing paper could be obtained, at any price.

They acknowledge they find here better rations than they have had for months before—of better variety, and larger quantities. They had anticipated short fare, and many of brought their side bacon and hard crackers with them. These they have thrown away since the government rations were dealt out to them. One fellow jumped up, and exclaimed, "Boys, look at that—coffee! coffee!—only think of it, coffee in your rations—why, I haven't tasted coffee for nearly a year, before!"

A great number of the prisoners are sick, upwards of a thousand receiving perscriptions daily. The prevailing deseases are colds, fevers, penumonia, &c., and a few cases of small pox. Twenty-one have died since Friday night.

Heretofore the pest-house has been within the enclosure, but for sanitary reasons it has been thought best to have it outside; hence a large building, formerly used by a cavalry regiment, is being remodeled for a pest-house, and will accommodate about fifty. This will be ready for occupancy tomorrow.

The chapel is again being converted into a hospital, and will be completed by Wednesday. It will accommodate about one hundred.

The new prison, which is thirty feet by fifty, is nearly completed, and will be ready to receive boarders about Wednesday.

Official Paper of the City.

Forever float that standard sheet—
Where breathes the foe but falls before us?
With Freedom's soil beneath our feet,
And Freedom's banner streaming o'er us!

Reported Rebel Naval Victory at Charleston.

Our dispatches, to-day, from Charleston via Richmond, report that the rebels have obtained a complete victory over our naval forces in the vicinity of Charleston. They make so much noise over it, as to raise a suspicion that it is not altogether genuine. It is possible that they may have surprised a boat, belonging to our squadron, and by a well-directed shot through its boiler, destroyed it. There are many common steamers in our squadron taken from the mercantile marine and armed, which, if overtaken by an iron-clad would fall an easy prey to it, and we presume such has been the case in this instance. The proclamation of Beauregard and Ingraham are evidently gotten up for effect abroad.—The dispersion of our fleet out of sight of Charleston, does not appear according to their own account to have lasted long, as our vessels are reported back again, but *of course,* they keep at a respectful distance, for if it were not so represented, the story of the rebels that the blockade had been raised would not appear consistent. We are inclined to the opinion that the naval forces from Wilmington and Hilton Head have, before this time, somewhat changed the paper victory of the rebels, as at last accounts, a grand expedition for the reduction of Charleston was moving against that rebellious city.

Copperheads in the Legislature.

When the pro-slavery democrats of the Indiana and Illinois legislatures were guilty of proclaiming their opposition to the war and the government, we hoped to be spared such utterances in the Wisconsin legislature, but the same spirit seems to animate the fanatics in this state as in the others mentioned. Our readers will not fail to notice the ground taken by Clark and Sanborn. Like the measles in the human system, treason among politicians will, if it exists, at last, "break out" and show itself in unmistakable signs. We now know what is the matter with these men. They are hostile to the government under which they live. They design to thwart its endeavors to suppress the rebellion. We must take them at their words and prepare for them. Such sentiments cannot originate from loyal hearts, and the next we may expect of them will be overt acts to back up their words. It is well that that they no longer make pretensions of loyalty, but are open enemies and not concealed foes of the government.

Never, Never, Never!—At a complimentary dinner recently given to General Schenck, in Baltimore, a correspondent says the following refreshing scene transpired:

To the third toast, Winter Davis spoke in a strain of unrivalled eloquence for three-quarters of an hour. He counseled resistance to the rebellion to the bitter end, and alluded in terms of disapproval to an article in the New York Tribune of the 22d inst., advising peace on the best terms we can get, if we cannot conquer the enemy in three months' time by hard fighting. The sentiment of the Tribune was received with tumultuous hisses. "Submit!" exclaimed Mr. Davis, "Never, never, never!" and the audience shouted "Never, never, never!" with a furore that betokened the spirit of the avenging Carthagenians.

Could the northern and north-western democrats, now playing traitors to the country, have heard Mr. Davis' denunciation of their treason, they would have hung their heads in shame.

Runaway Match.—Miss Libbie Rice, the eldest daughter of Dan Rice, the showman, was married the other day at Girard, Pa., to Mr. Charles Reed, an equestrian connected with the Great Show. The match was a runaway one, and, as we are informed, very distasteful to the bride's "parient."

A Future for Copperheads.—Lieut. Snyder, of the 101st Illinois regiment, writes to the Dixon Republican as follows:

"We hate cowardly villains and traitors who are afraid that the rebels will be hurt or deprived of their property, when found in the army, as much as those who are still at our homes, and would rather shoot them than southern traitors. We are surprised that men should be allowed to put forth such resolutions as those lately passed in Springfield, and if the black hearted cowards who put them forth, think they have friends in the army they are sadly deceived. Dark and dispiriting as the future looks, we are still ready to fight traitors, and when those in the south are put down, we want a chance at those detestable and cowardly ones in the north."

No Conflict Between Gen. Wool and Gov. Seymour in New York.—The Albany Evening Journal, in noticing the fact that General Wool had called on Governor Seymour, says:

"We have full authority for saying that there are now, and, further, that there have been no conflicting orders in respect to the control of the militia of this state.

The Governor and General Wool entirely concur as to the limits of their respective jurisdictions; and their relationships now, as they have always been, are of the most cordial character."

Sometimes society gets tired of a man and hangs him; sometimes a man gets tired of society and hangs himself.

Legislative.

Tuesday, Feb. 3.

In the Senate, on motion of Sen. Hopkins, Clark's resolution to pay the per diem of the members of the legislature in coin, was indefinitely postponed by a vote of 19 to 10. All the senators who voted against postponement are democrats.

Sen. Pratt offered a resolution requiring the state treasurer to pay out no coin now in the state treasury, until otherwise directed by the legislature.

The larger part of the session was spent in the discussion of a resolution offered by Sen. Bohan yesterday, endorsing the decision of the supreme court of this state in the *habeas corpus* cases.

Sen. Clark was not anxious to get rid of New England, or any other part of the Union. He believed that the policy of the party now in power, at the time of its organization, could never maintain the government. He believed that the south would never submit to the ascendancy of that party. Democratic conventions and orators all over the north had so asserted and so believed; and he would not now stultify himself by the support of the war or the support of a policy which would destroy the country. *He didn't propose to sustain the war. He never had and he never would—had always voted against propositions to sustain the war, and always should.* But he had never voted in violation of the constitution of the United States or laws made in pursuance thereof, and God helping him, he never would.

On motion of Sen. Hopkins, the resolution was referred to the committee on state affairs.

Sen. McDill introduced a bill to graduate and reduce the minimum amounts for which swamp and overflowed lands of the state may be sold.

In the Assembly, Mr. Hanson introduced a resolution declaring that whereas slavery is the primary cause of rebellion, and has become a war power in furnishing labor to the rebels, we hail with gratification the emancipation proclamation of President Lincoln, as a measure of military necessity, and a constitutional exercise of the powers of the commander-in-chief, and that Wisconsin will sustain the President in enforcing the proclamation.

By Mr. Hildebrand, for postage stamps.

By Mr. Larkin, that appropriations to aid states in emancipating slaves are unconstitutional, and instructing our members of congress to oppose such acts.

By Mr. Wright, for $8 worth of postage stamps to each member, provided that such sum shall be deducted from the per diem of members.

The resolutions of Mr. Deutser, endorsing Gov. Seymour's message, as amended endorsing the message of Gov. Salomon, were discussed at great length.

Mr. Sanborn spoke of the happy and prosperous condition of the country two years ago as contrasted with the present. He did not endorse everything President Buchanan did, but the general condition of our country was prosperous, and our foreign relations never more satisfactory. He deprecated the rebellion, but there was much that the south could plead in mitigation of damages. The provocation to this rebellion emanated from the north. They brought the ax, ground sharp, and laid it by the cable that bound us to the constitution, and invited the south to take it up. The entering wedge to divide the Union was the speech of Abraham Lincoln in 1858, that the Union could not always endure part slave and part free, but that either freedom or slavery would ultimately prevail throughout. This was saying to the south that if he was elected president his administration would attempt to abolish slavery. Thus was begun the hostility between the north and south. Before that time all differences had been settled by compromise. In view of the proposed policy of the administration, and the avowed purpose of the north, the south were warranted in believing that this administration intended a crusade against the south. Who could wonder that the hot blood of the south should be kindled? Who could wonder that they formed the idea that this administration intended to abolish slavery, even if it destroyed the Union. Some of the republican party even went so far as to declare the constitution a covenant with death and a league with hell.

About the President's proclamation—Where were we now. The people of the North who hold that proclamation unconstitutional, are not going to be stifled. *It was treason to endorse that proclamation, it was treason to our best interests, treason to the majesty of the law, treason before high heaven. He preferred to live under a monarch than under a republican tyrant.* To endorse the Governor's message, therefore, was to endorse the proclamation. This was not a war to restore the former condition of the country, but a war to make money, to feed contractors, and give pay to those who will sustain the administration. Only a few days ago a dinner was given by a member of the cabinet, to the traitor Cameron, the man who attempted to get into the senate by bribery, one of the lions of the tribe of Lincoln.

The people of the northwest never would submit to this policy; never would submit to be taxed to free slaves, and we should be warranted in using our property in some other manner. He would burn his property before he would allow it to be taken to buy up niggers.

The generals in the war had devoted themselves to stealing cotton and making speculations. The nation was bankrupt today. Treasury notes were not worth 35 cents on a dollar to-day. Greenbacks cannot be made rapidly enough to pay the army. An anarchy was at hand. It was beyond an oligarchy to-day. Cared not whether slavery went up or down, but when the whole energies of the government were devoted to crushing that institution, regardless of the rights of the free people northwest, they would not submit. *When the Union was reconstructed the western states would never submit to come into the new Union on the present terms of inequality with the New England states. The great state of New York would never submit to have that inequality of representation in the United States senate as compared with the six New England states. The people of the northwest were aroused upon this subject. He wished to day he had the power to punish such rebels and traitors as Benjamin F. Butler, Daniel S. Dikenson, and Caleb Cushing. They all belonged to the same family, ready to sacrifice everything to get good contracts. The administration was a failure, and if something was not done to arrest its wicked course we should not have a country much longer.*

Mr. Pope wanted to know when the gentleman from Dane first began to oppose the administration.

Mr. Sanborn stated that he voted last winter to endorse the administration. He was sorry for it. He could not tell when he began to oppose it but he thought it was about the time it, retrograded and issued the emancipation proclamation.

Mr. Pope then read the resolution for which the gentleman voted on the 5th of April last. The resolution, after expressing unqualified approbation of the manner in which he had administered the government, and pledged him "our continued co-operation, and that of our state, in all such measures as *he shall* deem just and proper for the accomplishment of the great undertaking of his administration, the restoration of the authority of the constitution and the supremacy of the laws of the United States, in every state and territory where they have been assailed or questioned."

Mr. Caswell was generally opposed to mere political resolutions here, but when this came as a substitute for a resolution to endorse Gov. Seymour's message, he regarded it as a fair retaliation. He did not believe any gentlemen expected this house would endorse Gov. Seymour's message, which was a labored effort to destroy the confidence of the people in the administration, and to induce them to withdraw their support from it. What would be the result of the withdrawal of the support of the people from the administration? The next step would be a recognition of a southern confederacy. The gentleman [Sanborn] was more frank than some of his associates when he declared for a monarchy rather than a republican administration. Without believing the mass of the democracy entertained such sentiments, it was doubtless true that the leaders preferred a monarchy or a divided Union rather than that the democracy should not again triumph. This war really began before the republican party came into power. The first overt act was in the Charleston convention, when the democratic party divided into two hostile factions.

The speaker went on to show the dates of the acts of secession of various southern states over two years ago, and under a democratic administration; read an extract from the message of the governor of Mississippi, in 1861, in which reference was made to the successful capture of United States forts and arsenals, and of expeditions then on foot for similar purposes. From the same message it appeared that before Mr. Lincoln's nomination for president, Mississippi had adopted measures for co-operating in a general scheme for seceding from the Union and forming a southern confederacy. And yet we were told that Abraham Lincoln and the republican party caused this war. No; this war began in the ranks of the democratic party. He would admit that the country was in a deplorable condition, but the republican party did not bring it there. The opposition never suggested any remedy. They alleged violations of the constitution, just as Breckinridge did, who denounced the violation of the constitution by which the President called out 75,000 three months men to save the capital of the nation from the rebel armies. Some of the most eminent legal minds in the country, and among them Reverdy Johnson, had advised the President that he possessed the constitutional power to suspend the writ of *habeas corpus.* The President, like other men, might err in judgment, but no one could say he had wilfully violated the constitution.

Last Night's Report.

Cairo, Feb. 2.

Special to Chicago Tribune.—An intelligent gentleman, who has conversed with the different major generals and brigadier generals in Gen. Grant's army, with the understanding that he wanted an expression on the subject of the action of our state legislatures in Illinois and Indiana, reports to me that they deprecated and denounced the copperheads to a man, and compared them rather unfavorably with Jeff. Davis and his crew.

Gen. John A. Logan, known throughout the northwest as a democrat, remarked:

"Tell them up north, for me, that we *can* whip the rebels. We are going to *do it,* and when we are done we are to return home. When we get there we shall yet be strong enough to summarily punish any secession sympathizers or peace preachers that we may be able to find in our way."

Gen. Loomis was equally strong in his language. Another general said: "If we had Dick Merrick, Allen, Robinson, Goudy and Story, of the secession Times, here, their lives, were they known, would not be worth a penny. The incensed soldiery, men of their own school of politics, would shoot them like curs—on sight."

Our Illinois and all western soldiers are unanimous in denouncing every man who raises his voice for peace, peace conventions, or armistices. They are only anxious to be allowed the privilege of going forward and putting down the rebellion at the point of the bayonet. They do not fear the result.

New York, Feb. 3.

Advices from New Orleans, of the 27th ult., state that the last transports of Banks' expedition left for up the river on the 26th. Banks went up on the 24th. Only sufficient troops are left to defend New Orleans, with four or five gunboats. It is inferred that the destination is Port Hudson.

The bark Restless, from Port Royal, reports that she passed on the 31st, off Cape Fear, a portion of Foster's expedition from Beaufort for Port Royal, S. C., consisting of six steamers.

DesMoines, Iowa, Feb. 2.

Judge Gray, of the district court, to-day read his decision in the *habeas corpus* case of the negro Archie P. Webb. The court house was filled by an anxious audience, and the reading of the decision was listened to with breathless attention. The judge held that, under the constitution of the United States, a free negro is entitled to the rights of citizenship; that Archie P. Webb is a free negro, and as such entered the state of Iowa; that the act of 1851, under which he had been arrested and imprisoned, was in flagrant violation of the old constitution then in force, and the new, which is now the fundamental law of the state, and overrides the plainest principles of common law. He held the act to be null and void, and his decision, therefore, was that Archie had been unwarrantably arrested and imprisoned, and must be immediately set at liberty.

Thus has ended a wicked scheme of a gang of semi-traitors to inaugurate a general system of persecution against the free negroes in this state, and to that extent embarrass the execution of the President's emancipation proclamation in the Mississippi valley.

Washington, Feb. 2.

After another day's protracted debate, the house this evening passed Thad. Stevens' negro regiment bill, by a vote of 83 to 55. Before the passage, Casey's amendment was adopted, providing that slaves of loyal masters in states excepted by the President's proclamation should not be enlisted, and no recruiting offices should be opened in such states except on procuring the consent of the Governor thereof.

The bill itself gives permission to enlist any number of negroes not exceeding 300,000 to be paid ten dollars per month, with rations and equipments, to be officered by white men. On the passage of the bill, Messrs. Blair and Segar of Virginia dodged, and Thomas, Wm. Kellogg, Harrison and Horton voted against it.

The Illinois ship canal bill is expected to come up to-morrow in the house. Its friends say if they get it up at all they will pass it to-morrow.

Gen. McKinstry will soon know his fate. The findings and sentence of his court martial are in the hands of the adjutant general and will soon be made public.

Gen. Buell's court has adjourned at Cincinnati, the testimony being all in, the record will soon be made.

The Missouri emancipation bill, reported back by Mr. Harris to the senate, was to-day amended so as to limit the time to twelve months. The amount appropriated stands at twenty millions.

The senate finance committee has not yet had the nine hundred million bill under consideration.

Mr. Sherman reported back his banking bill, amended so as to make the amount of issues three hundred instead of two hundred millions, one-half to be distributed among the states *pro rata,* and half at the discretion of the secretary of the treasury. The tax of two per cent. on bank issues is stricken out, on the ground that the senate has no power to originate.

P. H. Watson was nominated assistant secretary of war to-day, vice Wolcott resigned. He would have been confirmed at once had there been a quorum present.

Wolcott is not so ill as last week, and it is hoped he will be able to leave New York for home soon, but his recovery is despaired of.

During the discussion on the negro regiment bill, to-day, Little Cox disclaimed the theory that the north-west would unite with the south, but warned the members that this feeling existed, and that they were helping strengthen it.

Mr. Arnold asked him if this feeling did not exist solely among his own party friends.

Burlington, Iowa, Feb. 2.

In this city the unconditional Union ticket was elected to-day by one hundred and fifty majority. Only two copperheads were elected of the six aldermen. The election was hotly contested.

Salt Lake City, Feb. 1.

On the morning of the 29th, Col. Connor had a desperate battle with the Indians, on Bear River, Washington Territory, one hundred and forty-two miles north of this place. He killed two hundred and twenty-four, and many were supposed to be drowned. He took one hundred and seventy-five horses, and destroyed their lodges, provisions, etc. The fight lasted four hours. His loss is fifteen killed, with four officers and thirty-eight men wounded. The command is expected here Tuesday.

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DISPATCHES.

New York, Feb. 4.

The Herald publishes the following telegram to the Richmond Dispatch:

Charleston, Jan. 31.—The second iron-clad gunboat Chicora, and Palmetto State, with three steamers as tenders, went out beyond the bar at one o'clock this morning to attack the blockading fleet. The firing began soon after one, and for a time was very rapid; afterwards it slackened, but continued at intervals until nine this morning. The result has not yet been ascertained. Com. Ingraham is aboard the Palmetto State, as commander of the expedition.

SECOND DISPATCH.

This morning the gunboats Palmetto State and Chicora, accompanied by three small steamers, all under command of Com. Ingraham, made an attack on the blockaders, and succeeded in sinking two and crippling the third. The engagement commenced at four o'clock. The Palmetto State, with Com. Ingraham aboard, opened fire upon the federal gunboat Mercedita, carrying 11 guns and 150 men, which was soon sunk in five fathoms of water. Her commander, Capt. Steelwagen, with a boat's crew, came aboard and surrendered. One shot pierced her boiler, going clear through. Capt. S. and crew were paroled by Com. Ingraham.

Capt. Tucker, of the Chicora, reports the sinking of another federal gunboat, and disabling the steamship Quaker City. The latter was set on fire by the Chicora, and hauled down her flag and surrendered, but afterwards managed to escape with only one wheel. She was seriously damaged. The number of the blockading fleet outside at the time of attack was thirteen, with two first class frigates, the Susquehanna and Canandaigua. The federal loss very severe. It was a complete success on our part, with not a man hurt. Our gunboats were not even struck. All the blockaders have disappeared. There is not one to be seen within five miles with the strongest kind of a glass. Our boats are now returning to Charleston.

The following is an official dispatch from on board the gunboat Palmetto state:

I went out last night. This vessel struck the Meradita, when she sent a boat aboard and surrendered. Officers and crew paroled. Capt. Tucker thinks he sunk one vessel and set another on fire, when she struck her flag. The blockading fleet has gone southward and eastward out of sight.

(Signed) D. N. INGRAHAM,
Flag Officer commanding.

THIRD DISPATCH.

Charleston, Jan. 31.—Our gunboats Palmetto State and Chicora have reached the wharves. They were enthusiastically cheered by an immense concourse of citizens who had assembled to greet them. Salutes were fired from the forts and batteries. Not a man hurt on our side, and our gunboats were not struck by the enemy. Our attack on the fleet was a complete surprise to the blockaders, each one running away without careing for the others. It is supposed that nearly all the crew of the Mercedita perished. The Palmetto State which engaged the Mercedita, having no boats and fighting at the time, could render her no assistance. The Quaker City was struck twice, and one of her side wheels almost torn off.

FOURTH DISPATCH.

Charleston, Feb. 1.—Gen. Beauregard and Com. Ingraham, as commanders of the land and naval forces, have issued a joint proclamation, dated January 31st, declaring the blockade of Charleston raised, the entire hostile squadron having been sunk, burned or dispersed by the superior naval force of the confederates. Yesterday afternoon Gen. Beauregard placed a steamer at the disposal of foreign consuls to see for themselves that no blockade existed. The French and Spanish consuls, accompanied by Gen. Ripley, accepted the invitation. The British consul, with the commander of the British war steamer Petrel, had previously gone five miles beyond the naval anchorage of the blockaders, and could see nothing of them with glasses. Late in the evening four blockaders reappeared, keeping far out. This evening a large number of blockaders are in sight, but keep steam up evidently ready to run.

LATEST DISPATCH—OFFICIAL PROCLAMATION.

Headquarters Land and Naval Forces,
Charleston, S. C. January 31, 1863.

At about 5 o'clock this morning the confederate states naval force of this station attacked the U. S. blockading fleet, off the harbor of the city of Charleston, and sunk, dispersed, or drove off out of sight for the time, the hostile fleet; therefore, we the undersigned commanders respectively of confederate states naval and land forces in quarter, do hereby formally declare the blockade by the United States of the said city of Charleston, South Carolina, to be raised by a superior force of the confederate states, from and after this 31st day of January A. D. 1863.

[Signed] G. T. BEAUREGARD,
General Commanding.
D. N. INGRAHAM,
Flag-Officer Commanding C. S. N.

OFFICIAL.

Thos. Jordan, Chief of Staff:—The results of the naval engagement yesterday are two vessels sunk, four set on fire, and the remainder driven away. Foreign consuls here held a meeting last night, and were unanimously of the opinion that the blockade had been legally raised. Twenty blockaders are off the bar to-day.

Petersburg, Feb. 1.—The news from Charleston created great joy here.

Headquarters Army of the Potomac,
February 3, 1863.

Parties who crossed the river yesterday under a flag of truce state that the rebels in Fredericksburg were very jubilant over the news from Charleston, among which was the official proclamation of Beauregard and Ingraham declaring the blockade at Charleston raised.

Washington, Feb. 3.

A meeting of newspaper publishers from all parts of the country has been called, to meet here Monday evening next, to urge upon congress the importance of reducing or repealing the duty on imported paper.

Indianapolis, Feb. 2.

Special to Chicago Tribune.—On Friday last a small squad of soldiers were sent to a village named Waverly, in an adjoining county, to arrest some deserters. Upon their arrival there they were fired upon by some of the citizens, and informed that the deserters would be protected, and under no circumstance would they be surrendered.

The squad being too small to effect the arrests, returned to this city and reported the facts to Col. Carrington, who sent 25 cavalry after the offenders, with orders to arrest them dead or alive. The cavalry arrived there about noon on Sunday, and were fired upon by about forty armed men. The cavalry immediately charged upon them, when they fled in all directions, throwing away their arms. The cavalry captured nine of the cowardly rascals, with two of the deserters, and marched them to this city, where they are now in close confinement.

Col. Carrington will send 100 cavalry after the balance to-morrow.

AFTERNOON DISPATCHES.

New York, Feb. 4.

The Richmond Dispatch contains a telegram dated Savannah, 1st, which states that the federal fleet consisting of one turret iron-clad, four gunboats, one mortar boat, attacked Fort McAllister that morning. The firing continued till 2:30 p. m., when the enemy retired, whipped. The bombardment was more furious than before. The only person killed was Major John B. Galley, commander of the fort.

The Charleston Dispatch, of the 31st, gives an account of the capture of the gunboat Smith by a force of artillery of 21 guns. She surrendered in Stono river, eight miles from Charleston. The fight lasted an hour, when she surrendered unconditionally with one hundred and eighty men. The Smith had eight killed and fifteen wounded.

A Vicksburg telegram of the 30th states that scouting parties appeared opposite the city. It is supposed they are erecting batteries there. No movement among the fleet.

The Petersburg telegram claims that in the rebel victory in the affair near Suffolk they lost less than 50.

A Chatanooga dispatch says that Wheeler's cavalry attacked a fleet of twenty-five transports and two gunboats on the Cumberland, Friday, destroying five; also Saturday, destroyed a locomotive and five cars at Lavergne, capturing 50 men.

New York, Feb. 4.

A dispatch from the army of the Potomac states that Hooker's order announcing that only a limited number of furloughs would be granted, has been well received. The roads are much improved, and are now passable for wagons.

Union Organization Wanted.

In the present grave crisis of public affairs, when the Union cause is sorely beset by enemies without and copperheads within its lines, it behooves all good loyal men to organize and act together. A Union club or League ought to be formed in every town in the state, and placed in communication with a state central club or committee of public safety. The republic has sore perils and trials yet to pass through. The copperheads are resolved to force a peace with the rebels and a dismemberment of the Union, for on no other terms will the rebels listen to peace, unless they are driven from the field. The efforts of the copperheads to make peace over the ruins of the great republic, may cause civil war in our midst. A part of their scheme is to attach Illinois to the southern confederacy; which, if persisted in, will surely lead to blows and bloodshed in our state.

We are not alarmists, but ordinary prudence and care point out the necessity for a better and closer organization of the Union men. The copperheads have in their hands the order of the Knights of the Golden Circle, by which they can plot and work in the dark, tolerably safe from detection and exposure, while the Union men have no efficient organization with which they can counteract the evil done by the 'knights.' We have been told that Union organizations exist in Missouri and Kentucky, having their heads in St. Louis and Louisville, the members of which have taken a solemn pledge to stand by the Union and the constitution to the end of the chapter. The members meet in their club rooms, with closed doors, excluding all disloyal persons from participating in their proceedings; but beyond this no secresy is enjoined.—The purposes of the organization are represented to be purely loyal and patriotic and any good Union citizen may become a member. It is said that those clubs have done great good in both states in counteracting and defeating the machinations of the 'knights' and other secessionists.

Why might not a similar organization be made immensely useful in Illinois and other western states? We have been told that some Union clubs were formed in this state last fall, known as "Union Leagues," but were not spread to any great extent—the members thinking there was no immediate danger of civil war in Illinois. But the events of the last month or two, have furnished grounds for a change of opinion. The rampant and threatening conduct of the copperheads certainly affords room for grave apprehensions of danger to the public peace in our state. It may not be proper for us to chalk out or advise the particular form that should be adopted in organizing Union clubs; but we do urge the necessity that exists for some efficient system of organization by which loyal citizens can co-operate to preserve our free institutions and to prevent the old flag from being dishonorably struck to traitors.—*Chicago Tribune.*

OHIO PREMIUM
GRAIN DRILL
AND
Grass Seed Sower.

HAVING sold over three hundred of these drills in this state the past year, and and eleven hundred having been used in northern Illinois and this state during the same time, all of them giving satisfaction, has induced me to advertise some of the peculiar properties of this drill over others.

It is a double rank drill, with a driver's seat attached or not at the pleasure of the purchaser. It will sow all kinds of grain and grass seed. It will not break or cut the grain, and will sow from ½ to 5 bushels per acre.

It will sow correct when driving fast or slow. The quantity is guaged without any change of gear, can be easily changed from double to single rank, can in sowing use one half the drill or less if desired.

THE DRIVER'S SEAT

is so attached that the operator can drive and work his drill with perfect ease, without the trouble of getting off to turn around, and he sits in such a position that he can see the whole operation and know that every tube issowing. The drill is so combined that there is no weight upon the horse's neck when the driver is on or off the seat.

This improvement, combined with the

Steel Spring Shovel

for rooty and stony ground will clear itself from roots and stones or any obstacle that may come in its way, without the necessity of stopping to replace a broken pin, thereby causing trouble and delay—renders this

The Cheapest and Best Drill

ever offered, and we think that every candid thinking farmer will agree with us in this respect.

At the Ohio State Fair, in September last, in Cleveland, this drill

Took the First Premium

over the Buckeye and Star Drills and others, so the people can form their own opinions in relation to what is thought of these drills at home. It is also conceded that this drill is the

Lightest Draft and the Easiest for the Team

of any drill made. These drills will be on exhibition at the

CORN EXCHANGE, JANESVILLE,

and other prominent places in the state, and also by the numerous farmers who used them last year throughout this county and state. These drills are

WARRANTED

to be in good order, to work well during the seeding, if properly used; to distribute the seed regularly, and sow any quantity of seed per acre, commonly sowed broadcast; to be well made of good material, and durable with proper care; if the purchaser shall follow the directions accompanying the drills, in using the same.

This drill has been awarded the First Premium at the Indiana, Michigan, Illinois and Iowa State Fairs, and for the past three years in succession it has received the first premium at the Ohio State Fair, and all the County and District Fairs where it has been exhibited in competition with all the different kinds of drills manufactured in Ohio and the west.

And Freedom's banner streaming o'er us!

Reported Rebel Naval Victory at Charleston.

Our dispatches, to-day, from Charleston via Richmond, report that the rebels have obtained a complete victory over our naval forces in the vicinity of Charleston. They make so much noise over it, as to raise a suspicion that it is not altogether genuine. It is possible that they may have surprised a boat, belonging to our squadron, and by a well-directed shot through its boiler, destroyed it. There are many common steamers in our squadron taken from the mercantile marine and armed, which, if overtaken by an iron-clad would fall an easy prey to it, and we presume such has been the case in this instance. The proclamation of Beauregard and Ingraham are evidently gotten up for effect abroad.—The dispersion of our fleet out of sight of Charleston, does not appear according to their own account to have lasted long, as our vessels are reported back again, but *of course*, they keep at a respectful distance, for if it were not so represented, the story of the rebels that the blockade had been raised would not appear consistent. We are inclined to the opinion that the naval forces from Wilmington and Hilton Head have, before this time, somewhat changed the paper victory of the rebels, as at last accounts, a grand expedition for the reduction of Charleston was moving against that rebellious city.

Copperheads in the Legislature.

When the pro-slavery democrats of the Indiana and Illinois legislatures were guilty of proclaiming their opposition to the war and the government, we hoped to be spared such utterances in the Wisconsin legislature, but the same spirit seems to animate the lunatics in this state as in the others mentioned. Our readers will not fail to notice the ground taken by Clark and Sanborn. Like the measles in the human system, treason among politicians will, if it exists, at last, "break out" and show itself in unmistakable signs. We now know what is the matter with these men. They are hostile to the government under which they live. They design to thwart its endeavors to suppress the rebellion. We must take them at their words and prepare for them. Such sentiments cannot originate from loyal hearts, and the next we may expect of them will be overt acts to back up their words. It is well that they no longer make pretensions of loyalty, but are open enemies and not concealed foes of the government.

Never, Never, Never!—At a complimentary dinner recently given to General Schenck, in Baltimore, a correspondent says the following refreshing scene transpired:

To the third toast, Winter Davis spoke in a strain of unrivalled eloquence for three quarters of an hour. He counseled resistance to the rebellion to the bitter end, and alluded in terms of disapproval to an article in the New York Tribune of the 22d inst., advising peace on the best terms we can get, if we cannot conquer the enemy in three months' time by hard fighting. The sentiment of the Tribune was received with tumultuous hisses. "Submit!" exclaimed Mr. Davis, "Never, never, never!" and the audience shouted "Never, never, never!" with a furore that betokened the spirit of the avenging Carthagenians.

Could the northern and north-western democrats, now playing traitors to the country, have heard Mr. Davis' denunciation of their treason, they would have hung their heads in shame.

Runaway Match.—Miss Libbie Rice, the eldest daughter of Dan Rice, the showman, was married the other day at Girard, Pa., to Mr. Charles Reed, an equestrian connected with the Great Show. The match was a runaway one, and, as we are informed, very distasteful to the bride's "parient."

A Future for Copperheads.—Lieut. Snyder, of the 101st Illinois regiment, writes to the Dixon Republican as follows:

"We hate cowardly villains and traitors who are afraid that the rebels will be hurt or deprived of their property, when found in the army, as much as those who are still at our homes, and would rather shoot them than southern traitors. We are surprised that men should be allowed to put forth such resolutions as those lately passed in Springfield, and if the black hearted cowards who put them forth, think they have friends in the army they are sadly deceived. Dark and dispiriting as the future looks, we are still ready to fight traitors, and when those in the south are put down, we want a chance at those detestable and cowardly ones in the north."

No Conflict Between Gen. Wool and Gov. Seymour in New York.—The Albany Evening Journal, in noticing the fact that General Wool had called on Governor Seymour, says:

"We have full authority for saying that there are now, and, further, that there have been no conflicting orders in respect to the control of the militia of this state.

The Governor and General Wool entirely concur as to the limits of their respective jurisdictions; and their relationships now, as they have always been, are of the most cordial character."

Sometimes society gets tired of a man and hangs him; sometimes a man gets tired of society and hangs himself.

Legislative.

Tuesday, Feb. 3.

In the Senate, on motion of Sen. Hopkins, Clark's resolution to pay the per diem of the members of the legislature in coin, was indefinitely postponed by a vote of 19 to 10. All the senators who voted against postponement are democrats.

Sen. Pratt offered a resolution requiring the state treasurer to pay out no coin now in the state treasury, until otherwise directed by the legislature.

The larger part of the session was spent in the discussion of a resolution offered by Sen. Bohan yesterday, endorsing the decision of the supreme court of this state in the *habeas corpus* cases.

Sen. Clark was not anxious to get rid of New England, or any other part of the Union. He believed that the policy of the party now in power, at the time of its organization, could never maintain the government. He believed that the south would never submit to the ascendancy of that party. Democratic conventions and orators all over the north had so asserted and so believed; and he would not now stultify himself by the support of the war or the support of a policy which would destroy the country. *He didn't propose to sustain the war. He never had and he never would—had always voted against propositions to sustain the war, and always should.* But he had never voted in violation of the constitution of the United States or laws made in pursuance thereof, and God helping him, he never would.

On motion of Sen. Hopkins, the resolution was referred to the committee on state affairs.

Sen. McDill introduced a bill to graduate and reduce the *minimum* amounts for which swamp and overflowed lands of the state may be sold.

In the Assembly, Mr. Hanson introduced a resolution declaring that whereas slavery is the primary cause of rebellion, and has become a war power in furnishing labor to the rebels, we hail with gratification the emancipation proclamation of President Lincoln, as a measure of military necessity, and a constitutional exercise of the powers of the commander-in-chief, and that Wisconsin will sustain the President in enforcing the proclamation.

By Mr. Hildebrand, for postage stamps.

By Mr. Larkin, that appropriations to aid states in emancipating slaves are unconstitutional, and instructing our members of congress to oppose such acts.

By Mr. Wright, for $8 worth of postage stamps to each member, provided that such sum shall be deducted from the per diem of members.

The resolutions of Mr. Deutser, endorsing Gov. Seymour's message, as amended endorsing the message of Gov. Salomon, were discussed at great length.

Mr. Sanborn spoke of the happy and prosperous condition of the country two years ago as contrasted with the present. He did not endorse everything President Buchanan did, but the general condition of our country was prosperous, and our foreign relations never more satisfactory. He deprecated the rebellion, but there was much that the south could plead in mitigation of damages. The provocation to this rebellion emanated from the north. They brought the ax, ground sharp, and laid it by the cable that bound us to the constitution, and invited the south to take it up. The entering wedge to divide the Union was the speech of Abraham Lincoln in 1858, that the Union could not always endure part slave and part free, but that either freedom or slavery would ultimately prevail throughout. This was saying to the south that if he was elected president his administration would attempt to abolish slavery. Thus was begun the hostility between the north and south. Before that time all differences had been settled by compromise. In view of the proposed policy of the administration, and the avowed purpose of the north, the south were warranted in believing that this administration intended a crusade against the south. Who could wonder that the hot blood of the south should be kindled? Who could wonder that they formed the idea that this administration intended to abolish slavery, even if it destroyed the Union. Some of the republican party even went so far as to declare the constitution a covenant with death and a league with hell.

About the President's proclamation.—Where were we now. The people of the North who hold that proclamation unconstitutional, are not going to be stifled. *It was treason to endorse that proclamation; it was treason to our best interests, treason to the majesty of the law, treason before high heaven. He preferred to live under a monarch than under a republican tyrant.* To endorse the Governor's message, therefore, was to endorse the proclamation. This was not a war to restore the former condition of the country, but a war to make money, to feed contractors, and give pay to those who will sustain the administration. Only a few days ago a dinner was given by a member of the cabinet, to the traitor Cameron, the man who attempted to get into the senate by bribery, one of the lions of the tribe of Lincoln.

The people of the northwest never would submit to this policy; never would submit to be taxed to free slaves, and we should be warranted in using our property in some other manner. He would burn his property before he would allow it to be taken to buy up niggers.

The generals in the war had devoted themselves to stealing cotton and making speculations. The nation was bankrupt to-day. Treasury notes were not worth 35 cents on a dollar to-day. Greenbacks cannot be made rapidly enough to pay the army. An anarchy was at hand. It was beyond an oligarchy to-day. Cared not whether slavery went up or down, but when the whole energies of the government were devoted to crushing that institution, regardless of the rights of the free people northwest, they would not submit. *When the Union was reconstructed the western states would never submit to come into the new Union on the present terms of inequality with the New England states. The great state of New York would never submit to have that inequality of representation in the United States senate as compared with the six New England states. The people of the northwest were aroused upon this subject. He wished to-day he had the power to punish such rebels and traitors as Benjamin F. Butler, Daniel S. Dikenson, and Caleb Cushing. They all belonged to the same family, ready to sacrifice everything to get good contracts. The administration was a failure, and if something was not done to arrest its wicked course we should not have a country much longer.*

Mr. Pope wanted to know when the gentleman from Dane first began to oppose the administration.

Mr. Sanborn stated that he voted last winter to endorse the administration. He was sorry for it. He could not tell when he began to oppose it but he thought it was about the time it, retrograded and issued the emancipation proclamation.

Mr. Pope then read the resolution for which the gentleman voted on the 5th of April last. The resolution, after expressing unqualified approbation of the manner in which he had administered the government, and pledged him "our continued co-operation, and that of our state, in all such measures as *he shall* deem just and proper for the accomplishment of the great undertaking of his administration, the restoration of the authority of the constitution and the supremacy of the laws of of the United States, in every state and territory where they have been assailed or questioned."

Mr. Caswell was generally opposed to mere political resolutions here, but when this came as a substitute for a resolution to endorse Gov. Seymour's message, he regarded it as a fair retaliation. He did not believe any gentlemen expected this house would endorse Gov. Seymour's message, which was a labored effort to destroy the confidence of the people in the administration, and to induce them to withdraw their support from it. What would be the result of the withdrawal of the support of the people from the administration? The next step would be a recognition of a southern confederacy. The gentleman [Sanborn] was more frank than some of his associates when he declared for a monarchy rather than a republican administration. Without believing the mass of the democracy entertained such sentiments, it was doubtless true that the leaders preferred a monarchy or a divided Union rather than that the democracy should not again triumph. This war really began before the republican party came into power. The first overt act was in the Charleston convention, when the democratic party divided into two hostile factions.

The speaker went on to show the dates of the acts of secession of various southern states over two years ago, and under a democratic administration; read an extract from the message of the governor of Mississippi, in 1861, in which reference was made to the successful capture of United States forts and arsenals, and of expeditions then on foot for similar purposes. From the same message it appeared that before Mr. Lincoln's nomination for president, Mississippi had adopted measures for co-operating in a general scheme for seceding from the Union and forming a southern confederacy. And yet we were told that Abraham Lincoln and the republican party caused this war. No; this war began in the ranks of the democratic party. He would admit that the country was in a deplorable condition, but the republican party did not bring it there. The opposition never suggested any remedy. They alleged violations of the constitution, just as Breckinridge did, who denounced the violation of the constitution by which the President called out 75,000 three months men to save the capital of the nation from the rebel armies. Some of the most eminent legal minds in the country, and among them Reverdy Johnson, had advised the President that he possessed the constitutional power to suspend the writ of *habeas corpus*. The President, like other men, might err in judgment, but no one could say he had wilfully violated the constitution.

Last Night's Report.

Cairo, Feb. 2.

Special to Chicago Tribune.—An intelligent gentleman, who has conversed with the different major generals and brigadier generals in Gen. Grant's army, with the understanding that he wanted an expression on the subject of the action of our state legislatures in Illinois and Indiana, reports to me that they deprecated and denounced the copperheads to a man, and compared them rather unfavorably with Jeff. Davis and his crew.

Gen. John A. Logan, known throughout the northwest as a democrat, remarked:

"Tell them up north, for me, that we *can* whip the rebels. We are *going to do it*, and when we are done we are to return home. When we get there we shall yet be strong enough to summarily punish any secession sympathizers or peace preachers that we may be able to find in our way."

Gen. Loomis was equally strong in his language. Another general said: "If we had Dick Merrick, Allen, Robinson, Goudy and Story, of the secession Times, here, their lives, were they known, would not be worth a penny. The incensed soldiery, men of their own school of politics, would shoot them like curs—on sight."

Our Illinois and all western soldiers are unanimous in denouncing every man who raises his voice for peace, peace conventions, or armistices. They are only anxious to be allowed the privilege of going forward and putting down the rebellion at the point of the bayonet. They do not fear the result.

New York, Feb. 3.

Advices from New Orleans, of the 27th ult., state that the last transports of Banks' expedition left for up the river on the 26th. Banks went up on the 24th. Only sufficient troops are left to defend New Orleans, with four or five gunboats. It is inferred that the destination is Port Hudson.

The bark Restless, from Port Royal, reports that she passed on the 31st, off Cape Fear, a portion of Foster's expedition from Beaufort for Port Royal, S. C., consisting of six steamers.

DesMoines, Iowa, Feb. 2.

Judge Gray, of the district court, to-day read his decision in the *habeas corpus* case of the negro Archie P. Webb. The court house was filled by an anxious audience, and the reading of the decision was listened to with breathless attention. The judge held that, under the constitution of the United States, a free negro is entitled to the rights of citizenship; that Archie P. Webb is a free negro, and as such entered the state of Iowa; that the act of 1851, under which he had been arrested and imprisoned, was in flagrant violation of the old constitution then in force, and the new, which is now the fundamental law of the state, and overrides the plainest principles of common law. He held the act to be null and void, and his decision, therefore, was that Archie had been unwarrantably arrested and imprisoned, and must be immediately set at liberty.

Thus has ended a wicked scheme of a gang of semi-traitors to inaugurate a general system of persecution against the free negroes in this state, and to that extent embarrass the execution of the President's emancipation proclamation in the Mississippi valley.

Washington, Feb. 2.

After another day's protracted debate, the house this evening passed Thad. Stevens' negro regiment bill, by a vote of 83 to 55. Before the passage, Casey's amendment was adopted, providing that slaves of loyal masters in states excepted by the President's proclamation should not be enlisted, and no recruiting offices should be opened in such states except on procuring the consent of the Governor thereof.

The bill itself gives permission to enlist any number of negroes not exceeding 300,000 to be paid ten dollars per month, with rations and equipments, to be officered by white men. On the passage of the bill, Messrs. Blair and Segar of Virginia dodged, and Thomas, Wm. Kellogg, Harrison and Horton voted against it.

The Illinois ship canal bill is expected to come up to-morrow in the house. Its friends say if they get it up at all they will pass it to-morrow.

Gen. McKinstry will soon know his fate. The findings and sentence of his court martial are in the hands of the adjutant general and will soon be made public.

Gen. Buell's court has adjourned at Cincinnati, the testimony being all in, the record will soon be made.

The Missouri emancipation bill, reported back by Mr. Harris to the senate, was to-day amended so as to limit the time to twelve months. The amount appropriated stands at twenty millions.

The senate finance committee has not yet had the nine hundred million bill under consideration.

Mr. Sherman reported back his banking bill, amended so as to make the amount of issues three hundred instead of two hundred millions, one half to be distributed among the states *pro rata*, and half at the discretion of the secretary of the treasury. The tax of two per cent. on bank issues is stricken out, on the ground that the senate has no power to originate.

P. H. Watson was nominated assistant secretary of war to-day, vice Wolcott resigned. He would have been confirmed at once had there been a quorum present.

Wolcott is not so ill as last week, and it is hoped he will be able to leave New York for home soon, but his recovery is despaired of.

During the discussion on the negro regiment bill, to-day, Little Cox disclaimed the theory that the north-west would unite with the south, but warned the members that this feeling existed, and that they were helping strengthen it.

Mr. Arnold asked him if this feeling did not exist solely among his own party friends.

Burlington, Iowa, Feb. 2.

In this city the unconditional Union ticket was elected to-day by one hundred and fifty majority. Only two copperheads were elected of the six aldermen. The election was hotly contested.

Salt Lake City, Feb. 1.

On the morning of the 29th, Col. Connor had a desperate battle with the Indians, on Bear River, Washington Territory, one hundred and forty-two miles north of this place. He killed two hundred and twenty-four, and many were supposed to be drowned. He took one hundred and seventy-five horses, and destroyed their lodges, provisions, etc. The fight lasted four hours. His loss is fifteen killed, with four officers and thirty-eight men wounded. The command is expected here Tuesday.

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DISPATCHES.

New York, Feb. 4.

The Herald publishes the *following* telegram to the Richmond Dispatch:

Charleston, Jan. 31.—The second iron-clad gunboat Chicora, and Palmetto State, with three steamers as tenders, went out beyond the bar at one o'clock this morning to attack the blockading fleet. The firing began soon after one, and for a time was very rapid; afterwards it slackened, but continued at intervals until nine this morning. The result has not yet been ascertained. Com. Ingraham is aboard the Palmetto State, as commander of the expedition.

SECOND DISPATCH.

This morning the gunboats Palmetto State and Chicora, accompanied by three small steamers, all under command of Com. Ingraham, made an attack on the blockaders, and succeeded in sinking two and crippling the third. The engagement commenced at four o'clock. The Palmetto State, with Com. Ingraham aboard, opened fire upon the federal gunboat Mercedita, carrying 11 guns and 150 men, which was soon sunk in five fathoms of water. Her commander, Capt. Steelwagen, with a boat's crew, came aboard and surrendered. One shot pierced her boiler, going clear through. Capt. S. and crew were paroled by Com. Ingraham.

Capt. Tucker, of the Chicora, reports the sinking of another *federal* gunboat, and disabling the steamship Quaker City. The latter was set on fire by the Chicora, and hauled down her flag and surrendered, but afterwards managed to escape with only one wheel. She was seriously damaged. The number of the blockading fleet outside at the time of attack was thirteen, with two first class frigates, the Susquehanna and Canandaigua. The federal loss very severe. It was a complete success on our part, with not a man hurt. Our gunboats were not even struck. All the blockaders have disappeared. There is not one to be seen within five miles with the strongest kind of a glass. Our boats are now returning to Charleston.

The following is an official dispatch from on board the gunboat Palmetto state:

I went out last night. This vessel struck the Meradita, when she sent a boat aboard and surrendered. Officers and crew paroled. Capt. Tucker thinks he sunk one vessel and set another on fire, when she struck her flag. The blockading fleet has gone southward and eastward out of sight.

(Signed) D. N. INGRAHAM,
Flag Officer commanding.

THIRD DISPATCH.

Charleston, Jan. 31.—Our gunboats Palmetto State and Chicora have reached the wharves. They were enthusiastically cheered by an immense concourse of citizens who had assembled to greet them. Salutes were fired from the forts and batteries. Not a man hurt on our side, and our gunboats were not struck by the enemy. Our attack on the fleet was a complete surprise to the blockaders, each one running away without careing for the others. It is supposed that nearly all the crew of the Mercedita perished. The Palmetto State which engaged the Mercedita, having no boats and fighting at the time, could render her no assistance. The Quaker City was struck twice, and one of her side wheels almost torn off.

FOURTH DISPATCH.

Charleston, Feb. 1.—Gen. Beauregard and Com. Ingraham, as commanders of the land and naval forces, have issued a joint proclamation, dated January 31st, declaring the blockade of Charleston raised, the entire hostile squadron having been sunk, burned or dispersed by the superior naval force of the confederates. Yesterday afternoon Gen. Beauregard placed a steamer at the disposal of foreign consuls to see for themselves that no blockade existed. The French and Spanish consuls, accompanied by Gen. Ripley, accepted the invitation. The British consul, with the commander of the British war steamer Petrel, had previously gone five miles beyond the naval anchorage of the blockaders, and could see nothing of them with glasses. Late in the evening four blockaders reappeared, keeping far out. This evening a large number of blockaders are in sight, but keep steam up evidently ready to run.

LATEST DISPATCH—OFFICIAL PROCLAMATION.

Headquarters Land and Naval Forces, Charleston, S. C. January 31, 1863.

At about 5 o'clock this morning the confederate states naval force of this station attacked the U. S. blockading fleet, off the harbor of the city of Charleston, and sunk, dispersed, or drove off out of sight for the time, the hostile fleet; therefore, we the undersigned commanders respectively of confederate states naval and land forces in quarter, do hereby formally declare the blockade by the United States of the said city of Charleston, South Carolina, to be raised by a superior force of the confederate states, from and after this 31st day of January A. D. 1863.

[Signed] G. T. BEAUREGARD,
General Commanding.
D. N. INGRAHAM,
Flag-Officer Commanding C. S. N.

OFFICIAL.

Thos. Jordan, Chief of Staff.—The results of the naval engagement yesterday are two vessels sunk, four set on fire, and the remainder driven away. Foreign consuls here held a meeting last night, and were unanimously of the opinion that the blockade had been legally raised. Twenty blockaders are off the bar to-day.

Petersburg, Feb. 1.—The news from Charleston created great joy here.

Headquarters Army of the Potomac, February 3, 1863.

Parties who crossed the river yesterday, under a flag of truce state that the rebels in Fredericksburg were very jubilant over the news from Charleston, among which was the official proclamation of Beauregard and Ingraham declaring the blockade at Charleston raised.

Washington, Feb. 3.

A meeting of newspaper publishers from all parts of the country has been called, to meet here Monday evening next, to urge upon congress the importance of reducing or repealing the duty on imported paper.

Indianapolis, Feb. 2.

Special to Chicago Tribune.—On Friday last a small squad of soldiers were sent to a village named Waverly, in an adjoining county, to arrest some deserters. Upon their arrival there they were fired upon by some of the citizens, and informed that the deserters would be protected, and under no circumstance would they be surrendered.

The squad being too small to effect the arrests, returned to this city and reported the facts to Col. Carrington, who sent 25 cavalry after the offenders, with orders to arrest them dead or alive. The cavalry arrived there about noon on Sunday, and were fired upon by about forty armed men. The cavalry immediately charged upon them, when they fled in all directions, throwing away their arms. The cavalry captured nine of the cowardly rascals, with two of the deserters, and marched them to this city, where they are now in close confinement.

Col. Carrington will send 100 cavalry after the balance to-morrow.

AFTERNOON DISPATCHES.

New York, Feb. 4.

The Richmond Dispatch contains a telegram dated Savannah, 1st, which states that the federal fleet consisting of one turret iron-clad, four gunboats, one mortar boat, attacked Fort McAllister that morning. The firing continued till 2:30 p. m., when the enemy retired, whipped. The bombardment was more furious than before. The only person killed was Major John B. Galley, commander of the fort.

The Charleston Dispatch, of the 31st, gives an account of the capture of the gunboat Smith by a force of artillery of 21 guns. She surrendered in Stono river, eight miles from Charleston. The fight lasted an hour, when she surrendered unconditionally with one hundred and eighty men. The Smith had eight killed and fifteen wounded.

A Vicksburg telegram of the 30th states that scouting parties appeared opposite the city. It is supposed they are erecting batteries there. No movement among the fleet.

The Petersburg telegram claims that in the rebel victory in the affair near Suffolk they lost less than 60.

A Chatanooga dispatch says that Wheeler's cavalry attacked a fleet of twenty-five transports and two gunboats on the Cumberland, Friday, destroying five; also Saturday, destroyed a locomotive and five cars at Lavergne, capturing 50 men.

New York, Feb. 4.

A dispatch from the army of the Potomac states that Hooker's order announcing that only a limited number of furloughs would be granted, has been well received. The roads are much improved, and are now passable for wagons.

Union Organization Wanted.

In the present grave crisis of public affairs, when the Union cause is sorely beset by enemies without and copperheads within its lines, it behooves all good loyal men to organize and act together. A Union club or League ought to be formed in every town in the state, and placed in communication with a state central club or committee of public safety. The republic has sore perils and trials yet to pass through. The copperheads are resolved to force a peace with the rebels and a dismemberment of the Union, for on no other terms will the rebels listen to peace, unless they are driven from the field. The efforts of the copperheads to make peace over the ruins of the great republic, may cause civil war in our midst. A part of their scheme is to attach Illinois to the southern confederacy; which, if persisted in, will surely lead to blows and bloodshed in our state.

We are not alarmists, but ordinary prudence and care point out the necessity for a *better and closer organization* of the Union men. The copperheads have in their hands the order of the Knights of the Golden Circle, by which they can plot and work in the dark, tolerably safe from detection and exposure, while the Union men have no efficient organization with which they can counteract the evil done by the 'knights.' We have been told that Union organizations exist in Missouri and Kentucky, having their heads in St. Louis and Louisville, the members of which have taken a solemn pledge to stand by the Union and the constitution to the end of the chapter. The members meet in their club rooms, with closed doors, excluding all disloyal persons from participating in their proceedings; but beyond this no secrecy is enjoined.—The purposes of the organization are represented to be purely loyal and patriotic and any good Union citizen may become a member. It is said that those clubs have done great good in both states in counteracting and defeating the machinations of the 'knights' and other secessionists.

Why might not a similar organization be made immensely useful in Illinois and other western states? We have been told that some Union clubs were formed in this state last fall, known as "Union Leagues," but were not spread to any great extent—the members thinking there was no immediate danger of civil war in Illinois. But the events of the last month or two, have furnished grounds for a change of opinion. The rampant and threatening conduct of the copperheads certainly affords room for grave apprehensions of danger to the public peace in our state. It may not be proper for us to chalk out or advise the particular form that should be adopted in organizing Union clubs; but we do urge the necessity that exists for some efficient system of organization by which loyal citizens can co-operate, to preserve our free institutions and to prevent the old flag from being dishonorably struck to traitors.—*Chicago Tribune.*

OHIO PREMIUM
GRAIN DRILL
AND
Grass Seed Sower.

HAVING sold over three hundred of these drills in this state the past year, and and eleven hundred having been used in northern Illinois and this state during the same time, all of them giving satisfaction, has induced me to advertise some of the peculiar properties of this drill over others.

It is a double rank drill, with a driver's seat attached or not at the pleasure of the purchaser. It will sow all kinds of grain and grass seed. It will not break or cut the grain, and will sow from ½ to 5 bushels per acre.

It will sow correct, when driving fast or slow. The quantity is guaged without any change of gear, can be easily changed from double to single rank, can in sowing use one half the drill or less if desired.

THE DRIVER'S SEAT

is so attached that the operator can drive and work his drill with perfect ease, without the trouble of getting off to turn around, and he sits in such a position that he can see the whole operation and know that every tube is sowing. The drill is so combined that there is no weight upon the horse's neck when the driver is on or off the seat.

This improvement, combined with the

Steel Spring Shovel

for rooty and stony ground will clear itself from roots and stones or any obstacle that may come in its way, without the necessity of stopping to replace a broken pin, thereby causing trouble and delay—renders this

The Cheapest and Best Drill

ever offered, and we think that every candid thinking farmer will agree with us in this respect.

At the Ohio State Fair, in September last, in Cleveland, this drill

Took the First Premium

over the Buckeye and Star Drills and others, so the people can form their own opinions in relation to what is thought of these drills at home. It is also conceded that this drill is the [illegible]

Lightest Draft and the Easiest for the Team

of any drill made. These drills will be on exhibition at the

CORN EXCHANGE, JANESVILLE,

and other prominent places in the state, and also by the numerous farmers who used them last year throughout this county and state. These drills are

WARRANTED

to be in good order, to work well during the seeding, if properly used; to distribute the seed regularly, and sow any quantity of seed per acre, commonly sowed broadcast; to be well made, of good material, and durable with proper care; if, the purchaser shall follow the directions accompanying the drills, in using the same.

Dr. Tiffany's Lecture.

Rev. Dr. O. H. Tiffany will deliver his second lecture in this city on Thursday evening next, February 5th, at Lappin's Hall, commencing at eight o'clock. Subject—"Civilization—The Problem of Free-Masonry." Those who attended Dr. Tiffany's first lecture in this city will be glad to learn that he is to deliver another lecture here; as a thinker and eloquent orator, he stands in the front rank, wresting applause from his hearers by his eloquent words.

The Chicago Tribune in reviewing this lecture, speaks as follows:

"An intelligent and appreciative audience of over 1,200 persons assembled to hear Dr. Tiffany's lecture.

Many of the prominent Masons of the city were present, and their enthusiastic applause as the speaker, with his sonorous voice, and eloquent words, brought out in bold relief the beauties of the mystic tie, satisfactorily proved the correctness of the word pictures. We cannot say too much in commendation of this lecture. The thrilling tones, as they came from the heart of the orator, seemed to stir the entire assembly, and spontaneous evidences of delight were frequently manifested during its delivery."

The Doctor drew a concluding picture of our own land and of all lands, as resulting from the growth of mind and the gift of moral power. We trust that a full house will greet the Doctor to hear his second lecture. Those who neglect to go may be assured that they will miss a rich intellectual treat by being absent. Tickets for sale at the bookstores and at the door.

Festival To-Night.—Our readers will bear in mind the festival this evening at the Hyatt House Hall. We have no doubt it will be all that can be desired, and a pleasant time generally.

☞ The Ladies' Hospital Relief Society will meet at their rooms in Jackman & Smith's block on Thursday, Feb. 5th, from 10 A. M. till 5 P. M.

Madison Mutual Insurance Company. We notice, by the last annual report of this institution, that it is in a flourishing condition.

It has an unimpaired capital of	$327,464.67
Whole No. policies issued	22,061
Am't of outstanding risks thereon	15,962,000.00
No. policies issued in 1862	7,706
It has paid 89 losses during the past year, amounting to	$21,413.97

The company has the reputation of paying its losses promptly, while its rates of insurance are so low that all who have property may, at a small cost, save themselves from loss by fire.

Orrin Guernsey, Esq., of this city, is the director and agent of this company in this county, and is constantly visiting the different towns for the purpose of obtaining insurances.

☞ Rev. M. G. Hodge, of Brooklyn, N. Y., will preach in the lecture room of the Baptist Church this evening, at 7 o'clock.

Railroad Accident.—As the 10 o'clock train on the G. & C. U. R. R. was going out this morning, a serious and probably fatal accident occurred at the road crossing three miles west of this city. W. V. Taylor, of this city, was crossing the track, with a team and wagon. The wagon was struck by the engine, shattering it in pieces, breaking three of the legs of one of the horses, and Mr. T. was thrown upon the engine, crushing in the side of his head, and inflicting such a wound as may result in his death. He was brought to the city, and placed in charge of Drs. Treat & Dodge.

From Vicksburg.—A Mr. Antrobus, an artist of Chicago, has recently returned to that city from Louisiana, where his family has recently been living, but whom he has now brought north, and he says:

The expedition that is now before Vicksburg, when he left was landing on a point opposite Vicksburg, on the Louisiana shore, where the cut-off canal was dug. General McClernand had made his headquarters at that point, in full view of the city of Vicksburg. The gunboats were in the neighborhood of the mouth of the Yazoo, and some of them had gone on a reconnoissance up that stream. The fleet of transports which had taken down McClernand's troops was on its way up to Memphis, probably to take down other troops.

Mr. Antrobus says it is the general opinion among our officers that it will be impossible to make successful operations against Vicksburg at present, but with the reinforcements and appliances that were in preparation, it is believed that the next assault upon that stronghold must prove a success—that, in fact, it will not be again assailed until success is certain beyond per-adventure. The rebels feel very confident, declaring that Vicksburg is impregnable.

Accident.—We understand that a son of Mr. Razey of the town of Clyde, in Iowa county, lost his life under the following circumstances: It appears that while Mr. Razey was endeavoring to arrange a belt in Reed's mill, on the Wisconsin river, he was caught in some part of the machinery, carried across the saw and horribly mangled, his head being completely severed from his body before the machinery could be stopped.

The Culture of Flax.—English papers are agitating the subject of an increased attention to the culture of flax as an offset to the scarcity of cotton. It is well known that machinery has been perfected for its manufacture both in this country and Europe, and a permanent prosperity will no doubt result.

Spurgeon sometimes comes out with a good thing. "Brethren," said he, "if God had referred the ark to a committee on naval affairs, it's my opinion it wouldn't have been built yet!"

COMMERCIAL.

Janesville Wholesale Market.

Reported for the Janesville Gazette, by BUMP & GRAY, GRAIN AND PRODUCE DEALERS.

JANESVILLE, February 4, 1863.

Receipts of coarse grains were fair and market firm at our full quotations. Dressed hogs were active at $1,60@4,75 for heavy lots and $4,00@4,50 for light. Other produce unchanged.

Chicago Market.

Office of the Chicago Evening Journal, Tuesday, Feb. 3—3 p. m.

The decline in gold is steadily progressing. In two days it has dropped from 1,60 to 1 54¼. Owing to this state of affairs our brokers are unwilling to follow up the New York rate too closely and only offer 1,62a1,52¼. Demand notes are also easier. The buying rate here was quoted at 1,50. One year certificates have declined 1 per cent and are now about at 94c. Seven thirties are lower in New York but they are still taken at par here.

There was a fair attendance on 'Change to-day, and a moderate amount of business was transacted. The decline in gold caused an easier feeling in the leading markets, and prices on some descriptions of stuff ruled lower. The operations in wheat were almost exclusively confined to No 2 spring, which sold at a depreciation of 1a1½c per bushel on yesterday's quotations, sales being made at $1,00a1,03. No 2 red winter sold to a limited extent at $1,23, and No 1 spring at $1,19 in Munger & Armour's.

The flour market was neglected and dull. Sales were confined to a few lots to city bakers at prices within yesterday's range.

Corn opened steady with sales at 53c, but after the New York dispatches arrived the market became dull and sales were made at a decline of 1a1½c.

There was a fair demand for oats and the market ruled steady and firm at 50a51c for No 1 and 46a47c for rejected. Rye was quiet and easier, with sales at 85c for No 1. Barley was firm, but quiet. Timothy seed advanced 12½c, with sales at $2,12½a2,25. Clover seed scarce and firm, with sale at $6,25—an advance of 25c. Highwines firm, but inactive—holders asking 50 a52c.

Mess pork continues quiet, but holders are not disposed to make concessions. A lot of 500 barrels city packed sold at $13,50. Prime mess is steady at $11,00. English meats quiet with sales of Cumberland middles at 5¼c.

Common and medium grades of cattle are dull at $2,25a2,75, but prime shipping cattle are in fair demand at $3.25a3.50.

Dr. Tiffany's Lecture.

Rev. Dr. O. H. Tiffany will deliver his second lecture in this city on Thursday evening next, February 5th, at Lappin's Hall, commencing at eight o'clock. Subject—"Civilization—The Problem of Free-Masonry." Those who attended Dr. Tiffany's first lecture in this city will be glad to learn that he is to deliver another lecture here; as a thinker and eloquent orator, he stands in the front rank, wresting applause from his hearers by his eloquent words.

The Chicago Tribune in reviewing this lecture, speaks as follows:

"An intelligent and appreciative audience of over 1,200 persons assembled to hear Dr. Tiffany's lecture.

Many of the prominent Masons of the city were present, and their enthusiastic applause as the speaker, with his sonorous voice, and eloquent words, brought out in bold relief the beauties of the mystic tie, satisfactorily proved the correctness of the word pictures. We cannot say too much in commendation of this lecture. The thrilling tones, as they came from the heart of the orator, seemed to stir the entire assembly, and spontaneous evidences of delight were frequently manifested during its delivery."

The Doctor drew a concluding picture of our own land and of all lands, as resulting *from the growth of mind and the gift of moral power*. We trust that a full house will greet the Doctor to hear his second lecture. Those who neglect to go may be assured that they will miss a rich intellectual treat by being absent. Tickets for sale at the bookstores and at the door.

MADISON MUTUAL INSURANCE COMPANY.—We notice, by the last annual report of this institution, that it is in a flourishing condition.

It has an unimpaired capital of	$327,464.67
Whole No. policies issued	22,061
Am't of outstanding risks thereon	15,962,000.00
No. policies issued in 1862	7,706
It has paid 89 losses during the past year, amounting to	$21,413.97

The company has the reputation of paying its losses promptly, while its rates of insurance are so low that all who have property may, at a small cost, save themselves from loss by fire.

Orrin Guernsey, Esq., of this city, is the director and agent of this company in this county, and is constantly visiting the different towns for the purpose of obtaining insurance.

☞ Rev. M. G. Hodge, of Brooklyn, N. Y., will preach in the lecture room of the Baptist Church this evening, at 7 o'clock.

RAILROAD ACCIDENT.—As the 10 o'clock train on the G. & C. U. R. R. was going out this morning, a serious and probably fatal accident occurred at the road crossing three miles west of this city. W. V. Taylor, of this city, was crossing the track, with a team and wagon. The wagon was struck by the engine, shattering it in pieces, breaking three of the legs of one of the horses, and Mr. T. was thrown upon the engine, crushing in the side of his head, and inflicting such a wound as may result in his death. He was brought to the city, and placed in charge of Drs. Treat & Dodge.

FROM VICKSBURG.—A Mr. Antrobus, an artist of Chicago, has recently returned to that city from Louisiana, where his family has recently been living, but whom he has now brought north, and he says:

"The expedition that is now before Vicksburg, when he left was landing on a point opposite Vicksburg, on the Louisiana shore, where the cut-off canal was dug. General McClernand had made his headquarters at that point, in full view of the city of Vicksburg. The gunboats were in the neighborhood of the mouth of the Yazoo, and some of them had gone on a reconnoissance up that stream. The fleet of transports which had taken down McClernand's troops was on its way up to Memphis, probably to take down other troops.

Mr. Antrobus says it is the general opinion among our officers that it will be impossible to make successful operations against Vicksburg at present, but with the reinforcements and appliances that were in preparation, it is believed that the next assault upon that stronghold must prove a success—that, in fact, it will not be again assailed until success is certain beyond per-adventure. The rebels feel very confident, declaring that Vicksburg is impregnable.

ACCIDENT.—We understand that a son of Mr. Razey of the town of Clyde, in Iowa county, lost his life under the following circumstances: It appears that while Mr. [R]azey was endeavoring to arrange a belt in Reed's mill, on the Wisconsin river, he was caught in some part of the machinery, carried across the saw and horribly mangled, his head being completely severed from his body before the machinery could be stopped.

THE CULTURE OF FLAX.—English papers are agitating the subject of an increased attention to the culture of flax, as an offset to the scarcity of cotton. It is well known that machinery has been perfected for its manufacture both in this country and Europe, and a permanent prosperity will no doubt result.

Spurgeon *sometimes* comes out with a good thing. "Brethren," said he, "if God had referred the ark to a committee on naval affairs, it's my opinion it wouldn't have been built yet!"

Chicago Market.

OFFICE OF THE CHICAGO EVENING JOURNAL, TUESDAY, Feb. 3—4 p. m.

The decline in gold is steadily progressing. In two days it has dropped from 1,60 to 1 54¼. Owing to this state of affairs our brokers are unwilling to follow up the New York rate too closely and only offer 1,52a1,52¼. Demand notes are also easier. The buying rate here was quoted at 1,50. One year certificates have declined 1 per cent and are now about at 94c. Seven thirties are lower in New York but they are still taken at par here.

There was a fair attendance on 'Change to-day, and a moderate amount of business was transacted. The decline in gold caused an easier feeling in the leading markets, and prices on some descriptions of stuff ruled lower. The operations in wheat were almost exclusively confined to No 2 spring, which sold at a depreciation of 1a1½c per bushel on yesterday's quotations, sales being made at $1,00a1,03. No 2 red winter sold to a limited extent at $1,23, and No 1 spring at $1,19 in Munger & Armour's.

The flour market was neglected and dull. Sales were confined to a few lots to city bakers at prices within yesterday's range.

Corn opened steady with sales at 63c, but after the New York dispatches arrived the market became dull and sales were made at a decline of 1a1½c.

There was a fair demand for oats and the market ruled steady and firm at 50a51c for No. 1 and 46a47c for rejected. Rye was quiet and easier, with sales at 85c for No. 1. Barley was firm, but quiet. Timothy seed advanced 12½c, with sales at $2,12½a2,25. Clover seed scarce and firm, with sale at $6,25—an advance of 25c. Highwines firm, but inactive—holders asking 50 a52c.

Mess pork continues quiet, but holders are not disposed to make concessions. A lot of 500 barrels city packed sold at $13,50. Prime mess is steady at $11,00. English meats quiet with sales of Cumberland middles at 5¼c.

Common and medium grades of cattle are dull at $2,25a2,75, but prime shipping cattle are in fair demand at $3,25a3,50.

COUNTY COURT OF ROCK COUNTY.

In the matter of the estate of John Doyle, deceased.

ON reading and filing the petition of Thomas Thorp, the administrator of the estate of said deceased, setting forth the amount of personal estate that has come to his hands and the disposition thereof, the amount of debts outstanding against said deceased and a description of all the real estate of which said deceased died seized and the condition and value of the respective portions thereof, and praying that license may be granted to him to sell so much of the said real estate as may be necessary to pay the debts of said deceased, the costs of administration and the expenses of the funeral and last sickness of said deceased; and it appearing by said petition that there is not sufficient personal estate in the hands of said administrator to pay said debts and said costs and expenses, and that it is necessary in order to pay the same to sell part of said real estate, it is therefore ordered that all persons interested in said estate appear before this court at the office of the judge thereof, in the city of Janesville, in said county, on the first Monday of February next, at ten o'clock A M, then and there to show cause why license should not be granted to said administrator to mortgage, lease or sell so much of said real estate as shall be necessary to pay said debts and expenses, and that a copy of this order shall be personally served on all persons interested in said estate residing in the said county at least fourteen days prior to said hearing, and shall be published four successive weeks prior to said day, in the Weekly Gazette and Free Press, a weekly paper published in said city. GREAT REDUCTION

—IN—

The Prices

—OF—

SINGER & CO.'S

STANDARD MACHINES

Well known to be the best for

Manufacturing Purposes:

No. 1, Standard Shuttle Machine, formerly sold at $90,

Reduced to $70.

No. 2, Standard Shuttle Machine, formerly sold at $100,

Reduced to $70.

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

In Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal and finished to perfection.* We have the ways and means, on a grand scale to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will earn *more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.
